

DIRECTIONS TO SACHEM NORTH:

Take the L.I.E. to Exit 60. Traveling from the West, make left at second light (Hawkins Avenue). Traveling from the East, make right at first light (Hawkins Avenue). Go through the village of Lake Ronkonkoma until you get to your first major intersection. Pass over Portion Road, continue straight on Hawkins to your next intersection (5 Corners). At the 5 corner intersection you will see a Church on your left and a small deli on your right, here you will make a 90 degree turn onto Smith Road. The High School is located on the right at about the half-mile point. As you pull into the school, park in the large parking lot to the right of the building (west side) and enter through the doors on that side.
