

CEE 513

Teaching The At-Risk Student

An introduction to the at risk student. This student is defined as one in danger of not graduating from high school or a high school graduate who is functionally illiterate. The course will include identification of the at risk student; the influence of contemporary culture along with that of home, classroom, and school system; successful local and national programs; current research on teaching and learning and how this research impacts on these students at all grade levels.
